COMMISSIONER H. H. DAVENPORT

Fined on Three Counts for Violating Automobile Laws.

Deputy Highway Commissioner Henry H. Davenport of Pomfret was arrested in police court here Saturday morning, charged with violating the automobile law on three counts, namely, running his machine on the rear number improperly illuminated being without his registration certificate and without having his license properly signed.

The offense was committed last Monday evening, while Mr. Davenport was driving on Main street. Davenport pleaded guilty to being without his registration certificate, but not guilty to the other counts. State Police Officer William E. Jackson, who made the arrest, testified that he saw the car at 8 o'clock last evening, while he was standing in front of the Hotel Hooker, Davenport was called to the fact that the rear number was not properly illuminated and he started after Mr. Davenport. He caught up with him at the Jordan Hardware company's store and called on him to give him his number plate could not be seen. Davenport paid no attention and kept on until he reached the Hotel Hooker, where he was stopped and asked Jackson, who he was. Jackson replied he was a state officer and displayed his badge. Even then Davenport remained silent, but he believed Jackson was a state officer. Jackson said that he could not see the number a distance of thirty feet, let alone sixty. The car's license was not signed, either.

Davenport, in his own behalf, changed his plea concerning the signing of the license from not guilty to guilty. Regarding the rear number plate not being properly illuminated, he had told him where to put the number and it was all right. He maintained that the car was visible for sixty feet. Judge W. A. Arnold started.
